TO

HIS GRACE, JOHN WINSTON, DUKE OF MARLBOROUGH, K.G.,  
*&c., &c., &c.,*

LORD LIEUTENANT-GENERAL AND GENERAL GOVERNOR OF IRELAND.

MAY IT PLEASE YOUR GRACE,

I have the honour to submit the Annual General Abstracts, which give, by Counties and Provinces, the acreage under Crops and the number and description of Live Stock in 1877.

The collection of the Agricultural Statistics for this year commenced on the 1st of June, and the last of the Returns was received by me on the 16th instant.

From the Royal Irish Constabulary and Metropolitan Police, Success of the Enumeration. 3,480 members were selected for the purpose of obtaining the necessary materials for the publication of the Annual General Abstracts, and this important duty was performed by them with zeal and efficiency.

The various Holdings, which amount to nearly 600,000, were visited by the Enumerators, and *the names of the several parties from whom the particulars of Tillage and Live Stock for each Holding were obtained, are stated on the Returns, with a view to further inquiry in any case, should it be found necessary.*

The information necessary for the compiling of the Agricultural Statistics has been willingly afforded by all classes connected with the land.

The Abstracts have been carefully compiled from summaries made by the Enumerators, and may in some slight degree differ from the revised figures which will be subsequently published.

The total acreage under all Crops this year was	5,265,230 acres	Extent under Crops, 1876-7.

In oats there is a *decrease* of 15,468 acres, beans and pease 2,135 acres, potatoes 9,194 acres, turnips 8,436 acres, and carrots, parsnips, and other green crops 1,738 acres; flax *decreased* by 9,576 acres.

The extent returned in former years as "Bog, Waste, Water, Roads, and Fences," has been enumerated this year under the following separate headings:—

It should be observed that, owing to this sub-division, in many instances Mountain Land, which, in consequence of having some Live Stock upon it, was, in former years, included by the Enumerators under the heading of "Grass," has this year been entered under the heading of "Barren Mountain Land."

Hence, much of the decrease this year in Grass, and the corresponding increase under the heading of "Bog, Waste, and Water" in the following Table, which gives the Division of Land in 1876 and 1877 by Provinces, may be regarded as only apparent:—
